## ***Making The Most of This Course***

### **FOLLOW ALONG WITH THIS WORKBOOK**

This workbook is designed to keep you focused during this comprehensive course and help improve information recall. We recommend you print this out or follow along via PDF and fill out the blanks during the course.

### **REMOVE ALL DISTRACTIONS**

This means putting your devices on silent, closing all tabs, and taking care of what you need to take care of before starting the course.

### **BOOK THIS ON YOUR CALENDAR**

The first key to having success is consistency. Make sure to slot this in your calendar, and make your learning a priority. We'll send you email reminders about The Huddle Pro-- our bi-weekly coaching. But it's on you to show up at the end of the day.

### **GRAB A PEN AND EXTRA NOTEBOOK**

This PDF is great for you to keep track of all the important notes, but we find a lot of our students like to take A LOT more notes. That's why we advise you to be prepared with another notebook (or iPad!) in case there's even more juicy gems that resonate with you!
